## GPOP - Issue Review System

**Part Number:** 05174039A\$, 05072384A\$, 05072138A\$

**Part Description:** A/C Pressure Transducer

**Issue Description:** For vehicles calling out AC Pressure Transducer Kit 05072138AA as a service part but built with different mating wiring connector (round) - also order connector repair kit 05019958AA (square).~

2007MY RAM Trucks equipped with 6.7L Cummins turbo diesel engine only: If the A/C pressure transducer requires replacement, use part number 05072138AA that has a rectangular shaped electrical connector. If the engine wiring harness has a circular wiring connector, use jumper harness 68028774AA to change it to a rectangular connector.~

6.7L RAM trucks built before 10/17/2006 has pressure transducers (p/n 05191766AA) with a round connector that should have been changed per RRT 06-068 to a rectangular transducer.~

2001-2008 KJ, K1, ND.~
