This PI has been revised to add the 2013-2014 model years. Please discard PI0783.

The Engine Oil and Oil Filter Replacement procedure in SI has been updated. Please take a few minutes and review the Engine Oil and Oil Filter Replacement procedure located in the Engine Mechanical section of SI.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
