Attention Equipment Owner:

Subject: **Field Service Campaign - 13M2**
EPA07/10 DD Engine EGR Delta Pressure Sensor Replacement

Detroit Diesel has determined that some certified EPA07 and EPA10 DD engines will require EGR Delta Pressure Sensor replacement. Replacement of the sensor may prevent failures that may result in customer dissatisfaction.

Records available to us indicate that your equipment has one of these eligible engines. Please contact your local authorized repair facility to arrange for a service date in order to have the EGR delta pressure sensor replaced.

Instructions for this Field Service Campaign have been sent to your local authorized repair facility and the labor time required to perform this campaign is approximately **0.4** hours. This service will be completed for you at no charge, prior to **September 23, 2014**, under the provisions of this campaign notice.

We are sorry to cause you this inconvenience; however, we have taken this action in the interest of your continued satisfaction with our products.
