This bulletin supercedes TSB-12-00-013, issued July, 2012 to add information regarding LE models. Changes are italicized and indicated by ◀.

PURPOSE

This TSB highlights important features and service information for the **2013 Outlander Sport** (U.S. Models only). Review the details in this bulletin to familiarize yourself with new service information, features and options. Refer to the 2013 Outlander Sport/RVR service manual on MEDIC or CD (*p/n MSCD-017B-2013*) and the owner's manual for details on these and other features.

Built in the U.S.

Left hand drive versions of the 2013 Outlander Sport are built by the manufacturing division of Mitsubishi Motors North America in Normal, Illinois, which also handles left hand drive distribution to other regions of the world, including some South American countries, Russia and some Middle Eastern countries.

AFFECTED VEHICLES

2013 Outlander Sport

U.S. MODEL LINEUP

Model	Engine	Transmission

Group 35-118, 530 CCA

All 2013 Outlander Sport models

ENGINE

2013 Outlander Sport LE is powered by a 2.0L 4B11 4 cyl. engine with an added balancer shaft and oil pump module to smooth out engine vibration. The chain-driven module is attached to the engine block below the crankshaft using 4 bolts. An enlarged oil pan is used to provide sufficient space and oil volume for the module. Engine oil capacity is increased to 4.6 qts/4.35 ltr. (without filter).

Refer to TSB-13-11-002 for additional information and service procedures.

FUEL

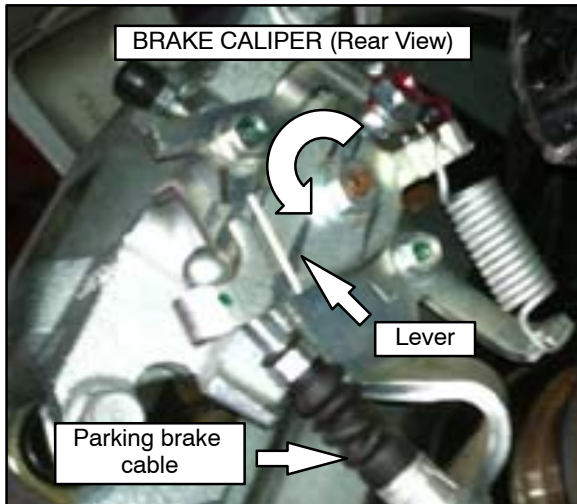

Quarter turn style gas cap adopted

Easier opening/closing effort for IQS improvement.

BRAKES

Parking brake mechanism changed to actuate caliper and apply service brake pads.

Parking brake cable connects to a lever on the caliper. The mechanism rotates to apply the parking brake.

EXTERIOR

New front and rear fascia design with two tone appearance. Side air dam color changed to black

Provides more sophisticated appearance.
Cleaner appearance due to elimination of character lines.
Simplified paint line makes the rear view appear wider.

2013 Outlander Sport LE includes a blackout treatment for the center of the front fascia, black roof rails, black mirrors, black wheel arch lip trim and 18" alloy wheels with a chrome finish.

INTERIOR

New 4WD mode selector button

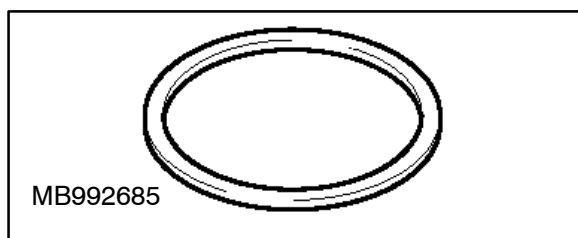

Mode selector button replaces rotary knob.

Press the button to toggle through 2WD/4WD modes:
