This TSB supersedes TSB-09-42A-015, issued October, 2009, to update affected vehicles, add Outlander Sport and add FAST Key case part numbers. Changes are italicized and indicated by ◀.

PURPOSE

Remote Keyless Entry (RKE) integrated key case and FAST Key Transmitter case repair kits are now available. If the plastic parts of the key are broken or missing, but the key functions properly, use the appropriate service parts kit instead of replacing the entire key assembly. When replacing only the key case, it is not necessary to program immobilizer, RKE and OSS functions. For integrated RKE keys, once the electronic components are transferred to the new case, the key can be cut to the vehicle's key code.

The contents of each kit depends on the vehicle model and model year. Refer to the Kit Contents section of this TSB for details.

NOTE: To prevent breakage during repair, please follow the instructions in "Features and Controls" of the owner's manual or Group 42A BODY of the service manual when opening the key case for battery replacement or other repairs.

AFFECTED VEHICLES

- 2006-2011 Endeavor
- 2006-2012 Eclipse
- 2007-2012 Eclipse Spyder
- 2006-2012 Galant

WARRANTY INFORMATION

Only defective key cases may be replaced under warranty. The customer is responsible for damage or breakage that is not due to a manufacturing defect. For warrantable conditions, this cost effective case replacement repair must be used instead of replacing an entire key.

This bulletin is supplied as technical information only and is not an authorization to repair. If an affected vehicle is observed with the described condition, diagnose the condition, repair as described in this bulletin and submit a normal warranty claim using the following information.

RKE Integrated Key Case/FAST Key Case Replacement

Nature Code: 560

Cause Code: 100

Labor Operation No. 54709290

Time Allowance: 0.2 hr.

Warranty Coverage: Basic Coverage – Refer to the Superscreen for individual vehicle warranty coverage.
