2013 ALTIMA; INSTALLATION INSTRUCTION CHANGE FOR INTERIOR ACCENT LIGHTING ACCESSORY KIT

APPLIED VEHICLE 2013 Altima (L33)

SERVICE INFORMATION

The installation instructions for the Interior Accent Lighting Kit have been changed and are now available in ASIST.

- Accessory lighting kits installed prior to the release of these instructions will illuminate constantly while the ignition is on.
- Accessory lighting kits installed after the release of these instructions will illuminate only when the headlights are on.

Both modes of operation are correct based on which instructions were used for the installation, and are considered to be operating as designed.
