SIRIUSXM SATELLITE RADIO / WEATHER / TRAFFIC ACTIVATION

This bulletin has been amended. The Service Availability chart on page 2 and the Applied Vehicles section have been revised. Please discard all previous versions.

APPLIED VEHICLES: 2011-2014 Nissan vehicles

SERVICE INFORMATION

If a customer would like to activate a subscription for any of the following services:

- **SiriusXM satellite radio**
- **NavTraffic**
- **NavWeather**
- **Travel Link Weather**

1. Review the Service Availability chart on page 2 to confirm the vehicle is properly equipped for the service.
2. If properly equipped, perform the **Satellite Radio / Weather / Traffic Activation** procedure on page 3.

OR

If a radio is replaced for any reason, and a customer has an active subscription to any of the above services:

1. Contact SiriusXM Dealer Support toll-free at 1-800-852-9696 to update the subscription information. The new SiriusXM Radio ID (see steps 1-4 on page 3), VIN, and customer name will be requested during the call.
2. Perform the **Satellite Radio / Weather / Traffic Activation** procedure on page 3.

OR

If a customer claims to have an active subscription to any of the above services, AND any portion of the subscribed service is not operating:

1. Contact SiriusXM Dealer Support toll-free at 1-800-852-9696 to confirm the subscription(s) is active.
2. If the subscription(s) is confirmed, perform the **Satellite Radio / Weather / Traffic Activation** procedure on page 3.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.

NOTE: Before attempting to activate a subscription for satellite radio, NavTraffic, NavWeather, or Travel Link Weather, review the service availability chart below to confirm the vehicle is properly equipped for the service.

Service Availability

Vehicle	Satellite Radio	NavTraffic	NavWeather	Travel Link Weather

O Optional.

S Standard. Vehicle is properly equipped.

NAVI Properly equipped if vehicle has Navigation System.

— Vehicle is NOT properly equipped.

NOTE: All vehicles are factory activated, which means they will arrive on your lot fully functional. The demo service will automatically convert to a consumer account with a three-month trial via the Retail Delivery Record process. Therefore, if the vehicle was properly factory activated or refreshed upon receipt, there is **NO FURTHER ACTION REQUIRED** of the sales consultant to activate satellite radio / NavTraffic / NavWeather (as applicable) for the customer.

Satellite Radio / Weather / Traffic Activation

1. Park the vehicle outside.
2. Turn ON the engine.
3. Turn ON the radio and tune to channel "O" on the SiriusXM source.
4. Write down the 8-digit SiriusXM Radio ID displayed on the screen.
5. Tune to channel "1" on the SiriusXM source and leave ON the radio.
6. If activating/refreshing NavTraffic and/or NavWeather/Travel Link Weather:
 - Press the **INFO** button (if equipped) and select **Traffic Info** or **Weather Info** to display the respective screen.

OR

 - Press the **SETUP** button (if equipped) and select **XM**.
7. Activate/refresh service at www.siriusxm.com/refresh or by calling SiriusXM Dealer Support toll-free at 1-800-852-9696.
8. The service should be activated/refreshed within 30 minutes.
 - For satellite radio - Audio will broadcast when tuned to channels other than "1".
 - For satellite traffic and/or weather - Traffic/weather information will display on the **Traffic Info/Weather Info** screen OR the screen will indicate the system is active.

9. Turn OFF the engine.

10. Wait 5 minutes.

NOTE: Do not disconnect the battery or pull any fuses during this time.

11. Turn ON the engine.

12. Re-check that the activated/refreshed service is operational.
