TST Detail:**Condition - Cause - Cure**

The conditions, causes and cures described in this section are for individual cases and does not imply all MY units are affected nor should parts be replaced without following proper diagnostic procedures.

MY	Model	Description	Case Details Needed	Factory feedback	Hyperlink	Date Revision
2016	RT F3 Series	Seat cover issue	Not needed	For seat manufacturing issues like stitching problems or rips, the seat can be replaced under regular warranty (B.E.S.T. does not cover seat). To process the claim you will be asked to attach a picture of the defect. Please take 2 pictures, one showing the entire seat and indicate where the defect is, and another picture close up of the defect. Make sure the focus is good. This process will help provide future improvements.		29-01-2016
2016	F3-T F3 Limited	2016 F3-T and F3 Limited Shop manual change	Not needed	The printed version of the 2016 F3-T and F3 Limited shop manual has an error in the ELECTRICAL SYSTEM - Wiring Harness and Connectors section. Please refer to electronic version of linked shop manual, print out the 5 pages and insert them in your printed version.	F3-T F3 Limited	06-01-2016
