

Service Bulletin

Circolare Tecnica - Technisches Rundschreiben - Circulaire Technique - Circular Tecnica

Date: 18 June 2013

Subject: **Right hand cable retainer plate, front headlamp area**

Product: **B4 - ABS - MY 2013**

After a continuous product quality monitoring, we found a possible interference between cables and cable retainer plate fixed in the front headlamp area, so that could potentially cause a damage to the cables.

It is therefore necessary to operate in order to verify and to reposition the cables on the following motorcycle batch:

- **MODEL B4 1090 ABS MY 2013 up to VINV005556 included**

PROCEDURE TO IMPLIMENT THE UPDATE:

1 – The plate mounted on the right side of the headlamp support must be dismantled and covered with heat shrink or similar means, up to the edge , in order to avoid contact and damage to the wiring.

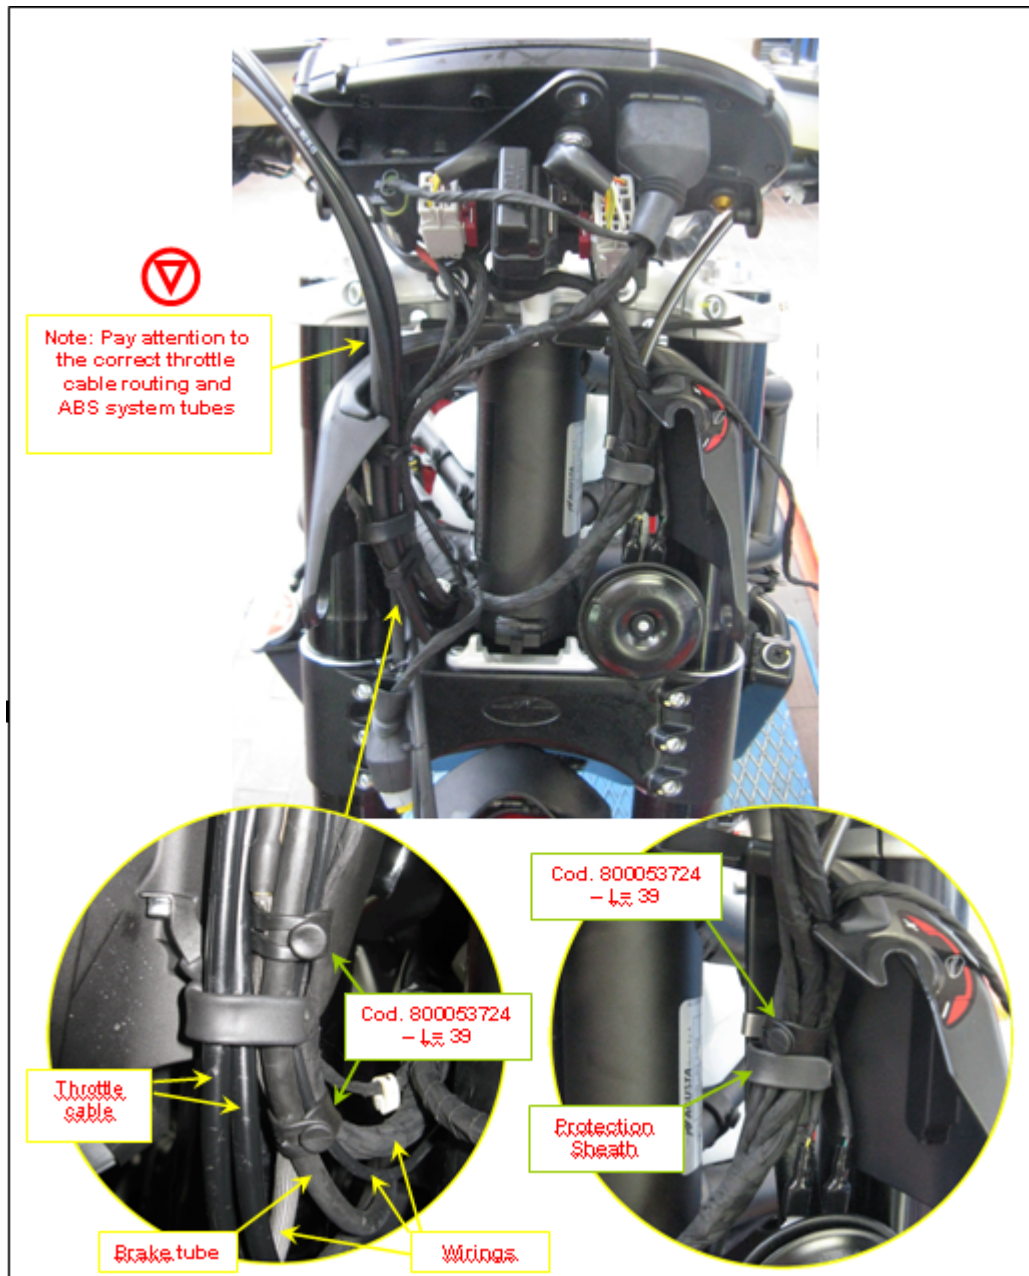

On some bikes you already have the covered plate, in this case go directly to step 2.

2 - two straps must be fixed as per attached picture so that they retain the wiring to the brake line

3 - throttle cables must remain free within the plate and should not be fixed with straps

4 – Once you completed the operation, check that the steering moves free and that wires or tubes can not be damaged in the steering limiter

Procedure for Warranty reimbursement:

Send a Warranty Request for reimbursement of the parts and labor including all the relevant information regarding the motorcycle and parts with the following codes:

- Warranty Type = GS
- Special Warranty Code = 2778
- Operation Code: S - 999
- Labor: 0,5 hours
- Defect Code: 099

Make note to the Service Bulletin N°109

The reimbursement of the warranty request will be carried out via Invoice as is the normal Procedure.

We request you to provide cables verification and repositioning directly during pre-delivery, if the bike has already been sold please contact your customer and complete the update as soon as possible.

Thank you in advance for your cooperation, we remain at your disposal for any technical/commercial support.

Best Regards,
MV AGUSTA MOTOR S.p.A.
