Models XF / X250

Title JTB00280 On Hold

Category Body

Last modified 25-Nov-2013 00:00:00

Symptom 107000 Interior Trim

JLR would advise all dealers that JTB00280 has been temporarily removed from TOPIx due to an unavoidable parts supply issue reference the overhead console repair kit C2Z25623.

Cause:

JLR are working to release a new fix for this issue on XF and the TSB will be re-released once parts are available Content to meet demand.

Action: Should a vehicle be presented with this issue and confirmed as requiring a new part you will need to order a complete overhead console to rectify.

This SSM will be updated once the TSB has been released.

JLR apologise for any inconvenience this may cause.
