Subject: Hybrid battery Parts procurement and handling information

---

Please review the new Hybrid Battery area of the Fixed Operation Policies and procedures manual. The manual can be found at Subarunet / Fixed Ops - Inventory Ops / Parts Policies and Procedures. The new section covers the following areas related to the new hybrid battery PN 82009FJ000 and associated core PN 82009FJ000C1:

- Safety precautions related to handling a hybrid battery
- Parts ordering procedures and guidelines
- Core return procedures for internal customers
- Core return procedures for external customers
- Returns / Shipping website instructions
- Packaging information

Similar instructions can be found in Part Bulletin PB001262. Please contact the PICS at 1-800-PIC-PART, should you have any questions.
