Title: MaxxFORce 11 and 13 – Special Fuel Rail Kit

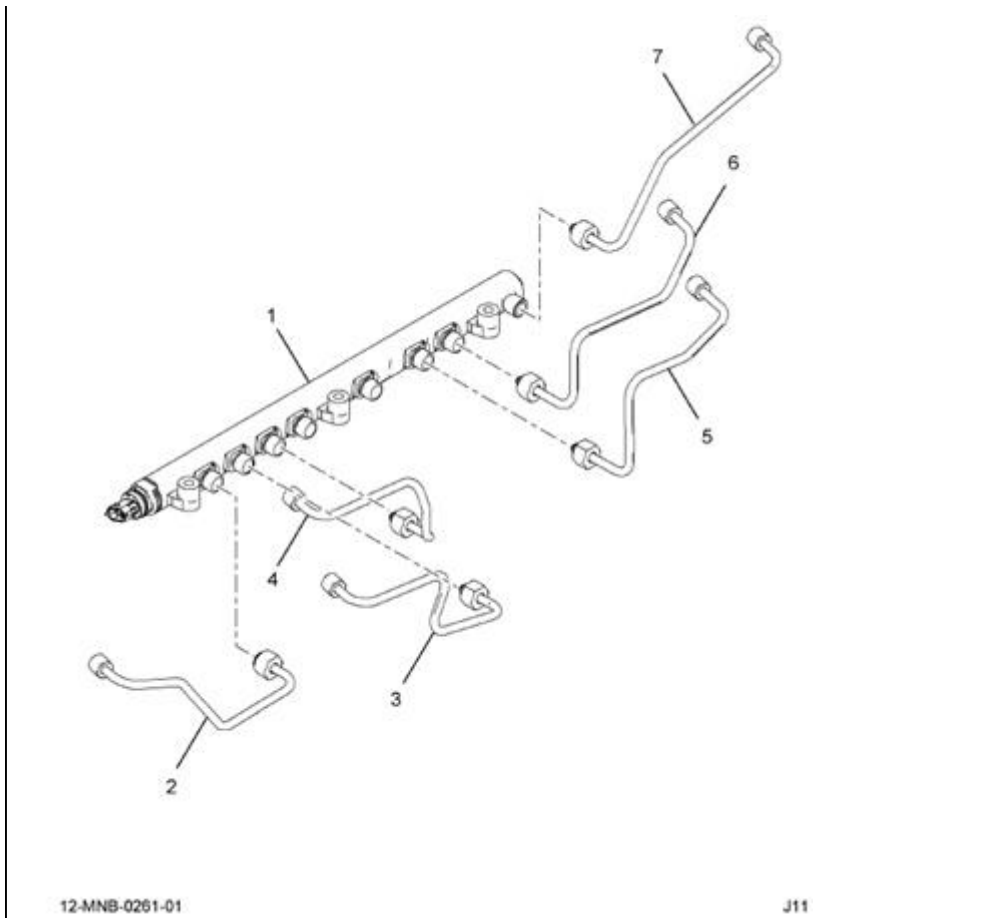

Applies To: Specific Serial numbers within the range 125HM2Y4100013 and 125HM2Y4101731, see attached for further clarification **Vehicle – Models, MY2010 – includes – excludes - engines and features. Built From 7/21/2010 To 8/15/2010**

DESCRIPTION

Engines with serial number listed below were build with Fuel to Rail tubes that are excessively hard. During initial installation, these tubes may distort the fuel rail making a replacement fuel to rail tube not seat properly. When replacing any fuel to rail tubes (items 2 - 7) on one of the affected vehicles (listed below), the following kit should be used, 3014634C91. Subsequent repairs to tubes or rails should be done as directed in the service manual.
