Background

American Honda (AHM) is investigating certain 2009 Fits with a complaint of an engine oil leak coming from the cam chain case oil seal. To fully understand the cause of this occurrence, AHM would like to collect a certain part prior to you attempting a repair of any kind.

Qualifiers

1. AHM is interested only the vehicles in the following VIN range:
JHMGE8xxx9S012009 through JHMGE8xxx9S017622
2. Engine oil leak from cam chain case oil seal on the front of the engine
3. No prior repairs
4. No parts removed from the engine

Action Required

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) at 800-880-1072 prior to attempting a repair of any kind. TRS will need to record certain vehicle information and provide further instructions.

Thank you.
