**Subject** Request for Parts: 2013 Accord Front Wheel Bearing Noise

**To:** All Honda Service Managers/Advisors  
**From:** Technical Research & Support Group  
**RE:** Request for Parts: 2013 Accord Front Wheel Bearing Noise

Print this *iN* message and provide a copy to the Shop Foreman and all Service Advisors.

**Background**

American Honda (AHM) is investigating certain 2013 Accords with a complaint of a noise coming from the front wheel bearing while driving. The noise can be described as growling, groaning, howling for whining. To fully understand the cause of this occurrence, AHM would like to collect specific parts from the vehicle prior to you attempting a repair of any kind.

**Qualifiers**

AHM is interested ONLY if the vehicle meets the following requirement:

1. VIN must start with 1HG.

**Action Required**

If you have or know of such a vehicle, please call Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
