

**ONLINE AUTOMOTIVE SERVICE INFORMATION SYSTEM  
FOR SEPTEMBER 2013**

44178      2013-2014 F-Super Duty - 6.7L Diesel - Diagnostic Trouble Codes (DTC) P2201, P229E, P06EA, P06EB, P22A7, P220F - NOx Sensor And Module Replacement

Some 2013-2014 F-Super Duty vehicles equipped with a 6.7L Diesel engine may exhibit the Malfunction Indicator Light (MIL) on with DTC(s) P2201, P229E, P06EA, P06EB, P22A7, P220F. If any of these DTCs are present, replace the NOx sensor and NOx module as a matched set. Do not discard the old parts as they will be called back for returned part analysis. Engineering is currently investigating this condition, monitor Oasis for updates.
