

**ONLINE AUTOMOTIVE SERVICE INFORMATION SYSTEM  
FOR SEPTEMBER 2013**

44197      Some 2014 Fiesta With a 1.6L TiVCT Engine Will Set a P2610 DTC

Some 2014 Fiesta models may exhibit Diagnostic Trouble Code(DTC) P2610 (Engine Off Timer Performance) stored in Powertrain Control Module memory. The code may result from slow network communication with the cluster. Clear codes. If DTC repeats and vehicle exhibits Drivability concern follow PCED Pin Point Test diagnostic QB.
