SUBJECT: **Recall Campaign 111 2012-2013 MY Azera PODS Update TSB#  
13-01-033**

Hyundai Motor America is conducting Recall Campaign 111 to update or repair the SRS PODS Control Unit on certain 2012-2013 model year Hyundai Azeras, produced beginning on May 22, 2012 through November 23, 2012.

Technical Service Bulletin #13-01-033 provides a procedure for the PODS update or replacement of the PODS Control Unit (if necessary).

In order to identify only those vehicles affected by Recall Campaign 111, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Recall Campaign 111.

A listing of VEHICLES is also located on WEBDCS, SERVICE tab, select INFORMATION, and select UNCOMPLETED CAMPAIGN VIN LISTING - DEALER STOCK AND RETAILED.

TSB #13-01-033 will be available on Hyundai's Service Website on August 01, 2013. It contains instructions on performing the service and submitting the recall claim.

*Each dealer will be shipped a PODS Control Unit in their weekly parts shipment. Additional parts can be ordered from your Facing PDC.*

Customer notification letters will begin mailing mid August 2013.

It is IMPORTANT TO SUBMIT A RECALL CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
