Verify that the vehicle has an open Service Campaign using WEB DCS

**SERVICE PROCEDURE:**

**OVERHEAD CONSOLE LAMP INSPECTION**

1. Check if any of the overhead console lamp hinges are broken.  
Press on each of the 4 arrows of the overhead console lamp 5 times each.

If there are any broken hinges; the plastic lens cover will not be flush with the rest of the console. Proceed to **“OVERHEAD CONSOLE REPLACEMENT PROCEDURE”**.

**Notice**

When pressing the lens cover to activate the lights, if the lens do not move freely proceed to **“OVERHEAD CONSOLE REPLACEMENT PROCEDURE”**.

If the light turns on and off without obstruction no further action is needed.

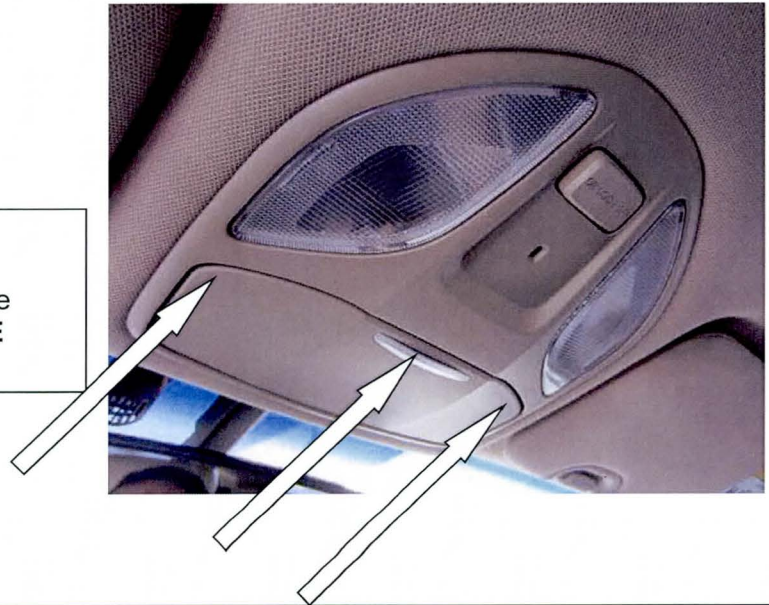

## SUBJECT: OVERHEAD CONSOLE LAMP INSPECTION AND REPLACEMENT (SERVICE CAMPAIGN TQ4)

2. Press the 3 locations to verify free opening and closing of the sunglass holder.  
If the opening and closing motion is free of obstruction. No further action is required.

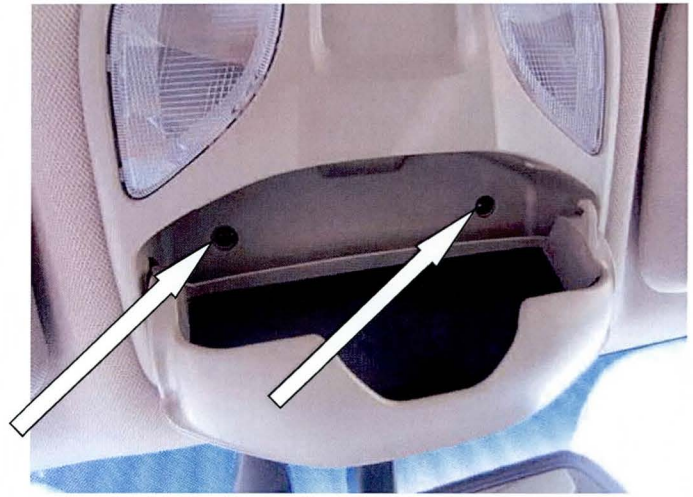

### Notice

If the sunglass holder is not flush with the adjustment trim, or does not open and close freely, proceed to "**OVERHEAD CONSOLE REPLACEMENT PROCEDURE**".

## OVERHEAD CONSOLE REPLACEMENT PROCEDURE

3. Open the sunglass holder case and loosen the 2 overhead console mounting screws.

4. Separate the overhead console from the headliner by pulling the sunglass holder case downward.

5. Disconnect the wire harness and remove the Overhead Console.

6. Install the replacement Overhead Console in reverse order of the removal.

Verify ALL the operations of the Overhead Console:

- Lights
- Door Ajar Switch
- Sunglass Holder
- Sunroof (if equipped)
- Sunshade (if equipped)
- Power Tailgate (if equipped)
