REVISION NOTICE

June 4, 2014 Rev1:

- The Warranty Information section has been updated.

Any previous printed versions of this bulletin should be discarded.

Introduction

The rear combination lights on some 2013 – 2014 model year FR-S vehicles may exhibit cracking from the upper surface of the lens. This can result from the trunk lid contacting the rear combination light housing if excessive force is applied to the trunk lid when closing. Follow the Repair Procedure in this bulletin to address this condition.

Production Change Information

This bulletin applies to vehicles produced **BEFORE** the Production Change Effective VIN shown below.
