

TO: Hyundai Dealership General Managers, Sales Managers,
Service Managers, Parts Managers, and Warranty
Administrators
FROM: Hyundai Motor America
DATE: October 22, 2013
SUBJECT: **Upcoming Recall Campaign 114**

Hyundai will inform the National Highway Traffic Safety Administration that it will conduct a voluntary safety recall of certain 2009 through 2012 Genesis sedan models that were produced beginning on April 01, 2008 through March 16, 2012. Hyundai dealers will inspect the brake system and change the brake fluid. The service procedure will be conducted at no cost to owners.

Prior to receiving the materials for Recall Campaign 114, dealers should perform Service Campaign TL6 (TSB # 13-01-006-2) on any Genesis sedan within the affected production range. In order to identify vehicles affected by Service Campaign TL6, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Service Campaign TL6.

Hyundai Motor America plans to begin mailing customer letters in November of 2013. Additional details will be sent as they become available.

Hyundai appreciates your cooperation and support. Questions may be directed to your District Parts and Service Manager.
