

Subject

Lane Change Turn Signal Customization

Market

USA

Service Category

Vehicle Exterior

Section

Lighting (ext)

Applicability

2013 ES350 and ES300H

APPLICABLE VEHICLES

2013	ES300H	2013	ES350
------	--------	------	-------

CONDITION

The lane change signals on the 2013 ES350 and ES300H are customizable using Techstream, however the customization setting may be difficult to find.

RECOMMENDATIONS

Per the vehicle repair manual section linked below, connect Techstream to the vehicle and enter the following menus:

Customize Setting:

System Select | Stored Data |

Health Check

Customize Setting

ECU Reprogramming

CAN Bus Check

System Selection Menu

Select desired system and then press the arrow button to access the ECU.

System Yellow = ECU status unknown.

System White = ECU communication OK.

*System White w/Asterisk = ECU not supported or not responding
