This bulletin is being canceled. Please discard Corporate Bulletin Number 10-06-04-016
(Section 06 – Engine/Propulsion System).

This bulletin is no longer valid. If you encounter a vehicle with this condition, please diagnose and repair using the information found in SI.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
