2011-2013 Touareg – Speed Warning Selection

March 8, 2013: Update to information and applicability.

To change the speed warning:

- 1) Press the "CAR" button on Infotainment head display screen.
- 2) Tap the "SETTINGS" function key on the screen.
- 3) Tap the "CLUSTER" function key on the screen.
- 4) Select "SPEED WARNING" from the list.
- 5) Use the slider bar or the "+/-" buttons to change desired speed warning.

 **Note:**

Feature can be switched ON and OFF by pressing the "ACTIVE" function button on the screen. If the checkmark is present the feature is switched ON.
