

# Service Bulletin

File in Section: -

Bulletin No.: PI0959

Date: April, 2013

## PRELIMINARY INFORMATION

**Subject:** Underhood Squeak or Chirp Noise from Engine When Vehicle is Turned OFF

**Models:** 2014 Chevrolet Cruze  
Equipped with 4 Cylinder Diesel Engine RPO LUZ

### Condition/Concern

Some customers may comment that they hear an underhood squeak or chirp noise from the engine when the vehicle is turned OFF.

### Recommendation/Instructions

This is a normal condition and no repair(s) should be attempted for this concern.

### Customer Information

The Service Personnel **must communicate** to the customer that this is a normal operating characteristic of their vehicle. It will not impact the designed performance or reliability of the vehicle. Please share this information with the customer, including a copy of this message.
