## Service Bulletin

**PURPOSE:**

Correct orientation of 3/4" clearance .side marker lights for PC application.

**SCOPE:**

All enclosed cargo trailers

**ACTION:**

Visually inspect all penny lights to ensure the light is oriented in the correct position to comply with PC when used as a combination clearance and side marker lights.

The lights have the word "TOP" molded into the plastic and must be oriented to the top side of the light when installed. The penny light will easily rotate and will not be disturbed by the rotation.
