## **IMPORTANT EMISSION RECALL**

### **2007-2012 CX-7 L3T (Turbo) Engine Nonconformity to Evaporative Emission Standard - Emission Recall 7113L**

February 2014

VIN \_\_\_\_\_

Dear Mazda Owner:

Mazda Motor Corporation has decided to conduct an Emission Recall Campaign to reprogram the Powertrain Control Module (PCM) on certain 2007-2012 CX-7 vehicles equipped with L3T (Turbo) engine and produced from February 14, 2006 through April 26, 2012.

**If you are a recipient of this notice, your vehicle is included in this recall.**

#### **What is the problem?**

On certain 2007-2012 CX-7 vehicles, incorrect PCM software parameters could cause the vehicle to exceed required evaporative emission standards. Reprogramming the PCM with updated software will correct the condition. Your vehicle may fail a state or local emission inspection if this recall is not completed.

#### **What will Mazda do?**

Your Mazda dealer will reprogram the PCM to include the latest calibration. This repair will be performed **free of charge**, and will take approximately half an hour to complete; however, it may take longer depending on service workload at your Mazda dealership.

As a reminder, Mazda may provide alternate transportation when your vehicle is at an authorized Mazda dealership for a warranty repair. To be eligible for alternate transportation, your vehicle must be within the mileage and time limitations under the Mazda New Vehicle Limited Warranty or Powertrain Limited Warranty for 2007 and newer model years, and adhere to the Rental Car Reimbursement policy. Ask your dealer for details about the Mazda Rental Car Reimbursement Program.

#### **What should you do?**

We encourage you to make an appointment with any authorized Mazda dealer to have the PCM reprogrammed at your earliest convenience. You do not need to bring this notice to the dealer, but it may assist in the check-in process.

*Emission Law Information:*

To ensure your full protection under the emission warranty made applicable to your vehicle by State or Federal Law, and your right to participate in future recalls, it is recommended you have your vehicle or engine serviced as soon as possible. Failure to do so could be determined as lack of proper maintenance of your vehicle. Also, your vehicle may fail a state or local emission inspection if this recall is not completed.

*Important notice to owners registering vehicles in California and Massachusetts:* California Department of Motor Vehicles and the Commonwealth of Massachusetts, in conjunction with the California Air Resources Board and the Environmental Protection Agency for the State of Massachusetts, have implemented the Registration Renewal/Recall Tie-In Program, which requires the completion of Emission Recalls prior to registration renewal. Mazda dealers will provide a Vehicle Emission Recall - Proof of Correction Certificate upon completion of the recall. Be sure to keep the proof of correction certificate provided by the Mazda Dealer until needed for the registration renewal process.

**Where is the closest Mazda dealer?**

To locate your nearest Mazda dealer, visit our web site and use our "Locate a Dealer" feature at [www.MazdaUSA.com](http://www.MazdaUSA.com) or consult your local yellow pages.

**Moved or no longer own this vehicle?**

If you have moved or no longer own your Mazda vehicle, please complete the enclosed prepaid *Information Change Card* as soon as possible. This enables us to update our records and notify the current owner.

**Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.**

**Still have questions?**

If you have any questions regarding this campaign, please contact our Customer Experience Center at (800) 222-5500, option #6.

We actively work to improve our products and search for solutions to improve your ownership experience. Please accept our apologies for any inconvenience this recall may have caused you.

Sincerely,

**Mazda North American Operations**
