2007–2011 Model Year Camry Hybrid Vehicles
Brake Reservoir Tank
LIMITED TIME OFFER

[VIN]

Dear Toyota Camry Hybrid Owner:

At Toyota, we are dedicated to providing vehicles of outstanding quality and value. As part of our continuing efforts to provide superior customer satisfaction, Toyota is announcing a Limited Service Campaign, which includes your vehicle.

What is the condition?

The subject vehicles contain a brake reservoir which has two separate chambers connected by a filter. This filter may become clogged, resulting in illumination of the Brake (**BRAKE**) warning lamp due to low fluid level in one of the reservoir chambers. Under certain conditions this could cause additional warning lamps shown below to illuminate and front brake assist could be temporarily lost.

				
Master Warning Light	Brake Warning Light	Electronically Controlled Brake System	Anti-Lock Brake System	SLIP Indicator

Please note: In limited operating conditions, a warning buzzer may also sound.

A new brake reservoir assembly has been designed to prevent this condition from occurring.

What is included in the Limited Service Campaign?

Before you are inconvenienced by this condition, any authorized Toyota dealer will replace the Brake Reservoir Tank at **NO CHARGE** to you for a limited time. ***This Limited Service Campaign will remain available until June 30, 2017,*** and will only be available at an authorized Toyota dealer.

This offer is limited to your specific vehicle whose Vehicle Identification Number (VIN) is printed at the beginning of this letter and is subject to the same conditions set forth in the New Vehicle Limited Warranty section of your Owner's Manual Supplement or Owner's Warranty Information booklet. For additional information, please refer to the booklet.

How do you take advantage of this Limited Service Campaign?

Please contact your authorized Toyota dealer to make an appointment to have the Brake Reservoir Tank replaced before **June 30, 2017**. The repair will take approximately 2 hours. However, depending upon the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

If your vehicle is covered by this Limited Service Campaign, you do not need this owner letter to have the campaign completed; however, to assist the dealer in confirming vehicle eligibility, we request that you present this notice at the time of your service appointment.
