Technical Service Bulletin Notification TSB #14-01

SERIAL#
FIRST LAST_NAME
ADDRESS
CITY, STATE ZIP
COUNTRY

August 2014

Dear Valued Starcraft RV Owner:

Starcraft has determined certain Model Year 2014 2015 Comet hard side Camping Trailers were manufactured with rivets at the outside corners of the front and back section of the roof. When the roof is **closed**, the tension from the torsion bars at each end of the roof could cause the rivets at the corners to shear off. If this did occur, the roof will not experience a failure and/or collapse. The replacement of the rivets with bolts at each corner of the front and back of the camper will reinforce each corner and prevent the possibility of this scenario.

Our records indicate that your Camping Trailer is affected by this Service Bulletin. Please contact a Starcraft Dealer to schedule an appointment and present this letter as authorization to have the procedure completed at no cost to you.

The coverage period for this Technical Service Bulletin is for one (1) year from the release of this notification. (August 2014 – August 2015) If you have sold or traded your vehicle, or for any reason cannot have this service performed, please contact the Starcraft Customer Service Department at 800-945-4787.

We apologize for any inconvenience this may cause. However, we are confident that this improvement will offer continued satisfaction with your Starcraft Camping Trailer.

Sincerely,
Starcraft
