

REFERENCE NO: RF-14-02

DATE: February 11, 2014

SUBJECT: 2014 MAZDA3 AND MAZDA6 – ROOF MOLDING AVAILABILITY

All 2014 MAZDA3s and MAZDA6s are built with roof mouldings that DO NOT HAVE CAPS (that allow fitment of a roof rack), but replacement moldings have caps. If the molding is replaced on one side of a vehicle (and no roof rack is used), it may be necessary to replace the molding on the other side of the vehicle so both moldings have caps.

		W/O CAPS NO LONGER SERVICED (USED IN PRODUCTION)	WITH CAPS SERVICE PARTS (NOT USED IN PRODUCTION)
