SUBJECT: 2014 MAZDA3 – EXCHANGE AVAILABILITY OF CMU (P/N BHP1-66-9C0C)

Vehicles requiring replacement of the Connectivity Master Unit (CMU) part number BHP1-66-9C0C can now have parts ordered through the United Radio Exchange program.

Dealers must contact JCI to obtain an Authorization number and confirm CMU malfunction.

JCI Customer Service: 1-800-430-0153

- For vehicles in-service, parts can then be ordered through United Radio with the JCI Authorization number.
- For vehicles in Dealer inventory, Dealers should contact JCI to confirm CMU malfunction. After the CMU malfunction has been confirmed, contact DAG to order a new CMU from the PDC.

After replacing the CMU, confirm that the CMU software version level is the latest by comparing it to the one on MS3 under IDS/Infotainment -> Mazda Connect updates. If needed, update the CMU software to the latest version using MSP41 MAZDA CONNECT INFOTAINMENT SYSTEM UPDATE.
