

TO: All Subaru Retailers  
FROM: Subaru of America, Inc.  
Service Department  
DATE: August 27, 2014  
SUBJECT: Final release of special service tool items for the 2015 Legacy & Outback

Starting the week of August 25, 2014, Subaru retailers will receive the final items in the initial special service tool release for the 2015 Legacy and Outback:

 A technical line drawing of a radar reflector stand. It consists of a vertical pole with a horizontal base at the bottom. A horizontal arm extends from the pole, holding a triangular reflector.	J-51661 J-51662	Radar Reflector Radar Reflector Stand (Base)
--	--------------------	---

These tools are for performing the radar axis adjustment procedure on vehicles equipped with the Subaru Rear Vehicle Detection (SRVD) system. They are substitute tools for the "RADAR REFLECTOR 87699AL00A" that is referenced in the service manual.

Retailer cost of this tool is \$185.01. The part number for this shipment that will appear on the parts statement is SOA321103.
