**Issue**

Reports of key case bulging. See attached photo.

**Cause**

Keys were manufactured oversize.

**Action**

A number of improvements were made to the manufacture of the key when production moved from Cadiz, Spain to Yanfeng, China. See attachment.

- The country of Manufacture can be identified by unclipping the emergency key blade.
- With the clip for the emergency key blade at the bottom view the block of text to the left of the CE mark
- Keys from Cadiz, Spain have 'Made in Spain'
- Key from Yanfeng China have 'Made in China'

EPQR's are only required for issues with keys manufactured in China.  
Please ensure you attach a photo to the EPQR showing this information.  
Please retain the parts for investigation.
