Confirmation Procedure

1. With the vehicle in clear line of sight to the sky, power ON the radio. (The vehicle does NOT have to be running, but the radio must be powered ON.)
2. Press the “AM/SAT” button to switch the band to “SAT1.”

Are XM channels 7, 9, 152, and 175 displayed and audible?

- **YES** — The audio portion of the XM system is already activated. (This should be the case for most vehicles.) Go to step 3.
 - **NO** — Go to the “Activation Procedure” in this bulletin.
3. Press “MAP” to bring up the navigation map screen. Ensure that the map screen is zoomed in to AT LEAST the “8mi” scale.

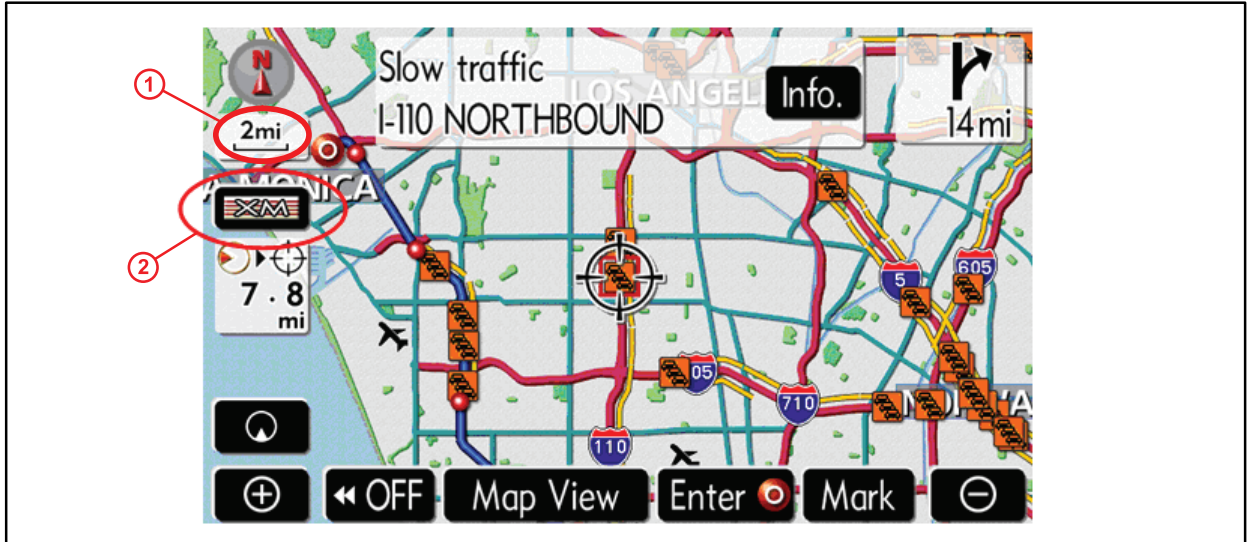

Is the XM logo visible on the map screen? (XM logo color is not important.)

- **YES** — The NavTraffic portion of the XM system is already activated. XM activation is now completed.
- **NO** — Go to the “Activation Procedure” in this bulletin.

Activation Procedure

1. Ensure the vehicle has a clear line of sight to the sky.
2. Press the “AM/SAT” button to switch the band to “SAT1” and turn to channel “0 (zero).”
3. Write down the 8-digit radio ID.

NOTE
 Please check the radio ID code carefully. The letters “I,” “O,” “S,” or “F” are NOT used in the radio ID.

4. Log on to <http://www.siriusxm.com/refresh> and follow the activation instructions OR call 1-800-TLC-XM (1-800-852-9696) and follow the voice activated prompts for dealer demo activation.

The activation signal is sent to the vehicle immediately and will continue to be sent for up to 2 hours. The radio may need to remain ON for up to 30 minutes to receive the XM activation signal.

5. After 30 minutes, return to the “Confirmation Procedure” in this bulletin to ensure activation is complete and repeat steps 1 – 4 above, if necessary.
