

Service Bulletin

PRELIMINARY INFORMATION

Subject: Engine Exchange Program for 2014 Model Year Has Ended

Models: 2014 Cadillac CTS

2014 Cadillac XTS

Equipped with a 3.6L Twin Turbo Charged Engine (VIN code 8- RPO Code LF3)

This PI was superseded to end parts restriction. Please discard PIP5129A.

Condition/Concern

This PI will cover the engine exchange program only for the 2014 models listed above.

Recommendation/Instructions

As part of our ongoing quality improvement efforts the 3.6L Twin Turbo Charged Engine (VIN code 8- RPO Code LF3) engine was placed on restriction through the PQC to assist Engineering with product feedback.

As of 3/24/2014 the restriction on the 3.6L Twin Turbo Charged Engine (VIN code 8- RPO Code LF3) has ended. This engine can now be ordered through the regular GMSPO parts process or PQC process for required dealers.

GM Engineering would like to thank all dealers that participated in this parts restriction.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
