Title: General Air Brake Plumbing Schematic

Applies To: Air Brake Chassis

DESCRIPTION

Air Brake Schematic for 4200, 4300, 4400, 7300, 7400, 7500, 7600, 8500, 8600. Note that not all the valves may not be used at once, but are shown only schematically (For instance, a typical tractor will not get the R-7 valve. Also the air tubing lines only come out of the end caps on the air tanks. This is a general diagram and will represent the general layout of most air brake systems. There are also general schematics in the component book of the CT400 sales data books.
