
2014-2015 MDX In-Cabin Engine Noise

Background

American Honda (AHM) is investigating certain 2014-2015 MDXs with a complaint of in-cabin engine noise while driving at slow speeds or during idle RPM sweep. The noise can be described as ringing. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting any repair.

Qualifiers

AHM is interested **ONLY** if the vehicle meets the following requirements:

1. Must be able to duplicate the issue.
2. Must be under the Powertrain Warranty (5 years or 60,000 miles)
3. No previous repair for this issue.

Action Required

If you have or know of such a vehicle, please call Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
