Number: VSE-14-17

**Subject: Discontinuance of Service for Midtronics MCR Platform
Battery Testers (MCR340V & MCR340VKT)
US and Canada**

Date: Sep. 02, 2014

Effective March 2012, Midtronics obsoleted the MCR tester platform. Volkswagen dealer battery tester models MCR340V and MCR340VKT are included in this platform range.

IMPORTANT NOTE:

Due to decreased demand and lack of availability of parts for repairs, **Midtronics US/Canada will discontinue service of all MCR battery testers effective October 31, 2014.** Volkswagen dealers that currently use MCR340V or MCR340VKT models are affected.

Volkswagen dealers that need to replace their MCR340V or MCR340VKT battery testers should **order the new Midtronics VAS6161 battery tester** from the Volkswagen Tools and Equipment Program web site (vw.snapon.com) or by calling 800-892-9650.

MCR340V

MCR340VKT

Midtronics has discontinued service on all MCR platform battery testers (MCR340V and MCR340VKT).
