**Subject: Missing Engine Code CTGA for the MY2015 A8 4.0L**

**Date: Jun 06, 2014**

**To: U.S, Puerto Rico Dealers**

This document conveys General Information.
--

---

It is always our joint priority to be proactive, and keep dealership service personnel up-to-date with situational information we become aware of. Now is such a circumstance.

## **MY2015 Audi A8 4.0L – ODIS software version 1.19.57.3370**

The correct engine code for the 2015 Audi A8 4.0L is CTGA, but on the current ODIS version 2.1.1 (1.19.57.3370) this engine is missing from the engine code drop down menu. Please use engine code CEUA instead until it is corrected on the next ODIS update.

Selecting code CEUA instead of CTGA will make no difference in diagnosis and it will not affect any function test.

NOTE: It should be a standard practice at the dealership to verify the engine code in Elsa before selecting the engine code in ODIS.

Thank you.
