BMW Motorrad USA Parts Information Bulletin

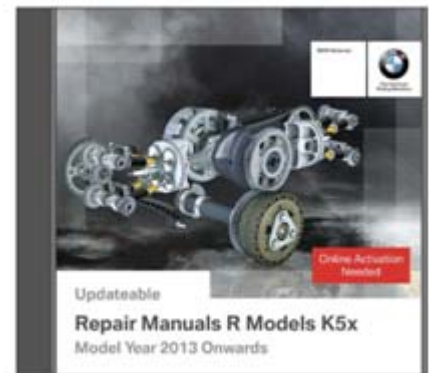

Subject: New Update Capable Repair Manual DVD, R Models K5x

The new edition repair manuals for R models K5x (water cooled) from model year 2013 and up is available on DVD for sale to BMW Motorrad customers.

This DVD contains the repair manuals for the following models from model year 2013 and up:

- R 1200 GS (K50)
- R 1200 GS Adventure (K51)
- R 1200 RT (K52)

Updates supplement the content of the repair manuals for these models only. New editions or updates of this DVD will **not** extend the content to include other models.

Updates free of charge

- The Repair Manual can always be kept up to date by means of software updates
- Updates will be made available for the models contained on the DVD
- A search for new updates can be started by clicking on the new integrated button labeled "Repair Manuals Update"
- All available updates can then be downloaded free of charge

Online product activation is necessary **before the DVD is used for the first time**:

- The activation dialog opens automatically when the DVD is started for the first time
- The user licenses the software by entering the serial number supplied with the DVD in the Internet activation dialog
- Up to three computers can be licensed

Once the product has been activated the program will run from the DVD, but the software has to be copied on to the local hard drive before updates can be installed.

- "Copy Repair Manuals" is a tool for copying the software quickly and conveniently in the desired languages to the local hard drive
