Subject: Pontoon Flat Bar Bow Stop

17637 ADJUSTABLE BOAT STOP KIT

[View this email in your browser](#)

Hello Distributors,

We are excited to introduce a new flat bar style bow stop to the entire pontoon line. This new style will allow for multiple stop locations and rub rail designs to fit any pontoon. The new bow stop is interchangeable with our past design and replaces the twin rubber bumpers.

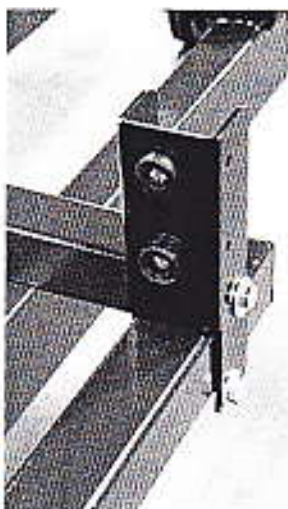

[Click here for updated brochure](#)

Adjustable bow stops can be used on the side or front rail of the upper frame.

Top view of new bow stop

Old style twin rubber bumpers now
discontinued.
