OWNER NOTIFICATION

Dear Quest Owner:

Nissan is committed to providing the highest levels of product quality and customer satisfaction. We believe that our current and future success depends on your continued satisfaction with Nissan. With that in mind, we want to bring to your attention important information regarding an update to the owner's manual of your vehicle.

The owner's manual for your Quest has been updated with specific tire cable information related to the size of tire included on your vehicle. Page 8-35 of the updated manual now includes information about Nissan's recommendation to use a tire cable made by Peerless Chain Company for 18-inch size tires. For 16-inch tires, there are specifications included for the appropriate size tire chain to use.

Provided with this letter is an insert card with this updated information concerning tire chain recommendations for 18-inch and 16-inch size tires.

WHAT YOU SHOULD DO

Please review and place the insert card inside your current Owner's Manual for future reference.
