## 2013 ALTIMA SEDAN WITH STEEL WHEELS; REAR BRAKE NOISE

This bulletin has been amended. The APPLIED VINS & DATES and PARTS INFORMATION sections have been revised. Please discard all previous versions.

**APPLIED VEHICLES:** 2013 Altima Sedan (L33) – Vehicles equipped with **steel wheels only**

**APPLIED VINS & DATES:** Vehicles built before:  
 1N4AL3AP(\*)DN 569895 // May 28, 2013  
 1N4AL3AP(\*)DC 291733 // May 25, 2013

### IF YOU CONFIRM

A squeal/squeak noise is coming from the rear brakes:

- when the brakes are either hot (after 10-15 minutes of driving) or cold (after vehicle has not been driven for 2-3 hours),
- while moving forward or in reverse,
- at speeds less than 10 MPH,
- while traveling straight, AND
- with light to moderate brake application (pedal pressure).

**NOTE:** These are the typical conditions in which to duplicate the rear brake squeal/squeak; however, these conditions are not intended to detail all of the possible conditions in which the noise may occur. When attempting to duplicate this noise it is important to have a second person safely standing outside of the vehicle to determine if the noise is coming from the front or rear brakes.

### ACTION

Replace the rear brake pads and the rear brake hardware kit with the parts listed in the Parts Information section of this bulletin.

- Refer to the Electronic Service Manual (ESM), section **BR–Brake System**, for removal and installation information.

Nissan Bulletins are intended for use by qualified technicians, not 'do-it-yourselfers'. Qualified technicians are properly trained individuals who have the equipment, tools, safety instruction, and know-how to do a job properly and safely. NOTE: If you believe that a described condition may apply to a particular vehicle, DO NOT assume that it does. See your Nissan dealer to determine if this applies to your vehicle.

**PARTS INFORMATION**

| <b>DESCRIPTION</b>             | <b>PART NUMBER</b> | <b>QUANTITY</b> |
|--------------------------------|--------------------|-----------------|
| Hardware Kit – Rear Disc Brake | D4080-JA01B        | 1               |
| Pad Kit – Rear Disc Brake      | D4060-9HM0A        | 1               |

**CLAIMS INFORMATION**

**Submit a Primary Part (PP) type line claim using the following claims coding:**

| <b>DESCRIPTION</b>         | <b>PFP</b> | <b>OP CODE</b> | <b>SYM</b> | <b>DIAG</b> | <b>FRT</b> |
|----------------------------|------------|----------------|------------|-------------|------------|
| Replace Pad Set Both Sides | (1)        | PD19AA         | ZL         | 32          | (2)        |

1. Reference the Parts Information Table and use the applicable Rear Disc Brake part number as the Primary Failed Part.
2. Reference the current Nissan Warranty Flat Rate Manual and use the indicated flat rate time.
