

OWNER NOTIFICATION

Dear [Rogue Altima] Owner:

Nissan is committed to providing the highest levels of product quality, reliability, and customer satisfaction. With that in mind, we want to bring to your attention important information regarding the maintenance and cleaning of the touch screen in your vehicle.

WHAT YOU SHOULD DO

To ensure continued operation of your touch screen and prevent unnecessary repairs, it is important to read "How to Use the Touch Screen" on page 4-5 and "Touch screen maintenance" on page 4-7 of your owner's manual. The same information is included in this letter.

- To clean the display, never use a rough cloth, alcohol, benzene, thinner or any kind of solvent or paper towel with a chemical cleaning agent. They will scratch or deteriorate the panel.
- Do not splash any liquid, such as water or car fragrance, on the display. Contact with liquid will cause the system to malfunction.
- Do clean the display screen with a dry, soft cloth. If additional cleaning is necessary, use a small amount of neutral detergent with a soft cloth. Never spray the screen with water or detergent. Dampen the cloth first and then wipe the screen.

If you have additional questions you may contact the National Consumer Affairs Department, Nissan North America, Inc., P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261).

Thank you for providing us an opportunity to ensure on-going satisfaction with your Nissan vehicle.
