

Product Awareness Bulletin

Product Planning

8/8/14

#030

2016 Saf-T-Liner C2

The purpose of this bulletin is to explain and clarify new features that are standard on the 2016 C2.

All C2 orders [submitted on or after 8/6/14](#) will automatically have added as standard equipment, 3 year bumper to bumper warranty (body and chassis), Zonar Telematics and Allison Fuel Sense. The FuelSense Basic is a standard no charge option. FuelSense Plus and Max do have additional cost. There will be the option of removing these new features if so desired. This will be accomplished by choosing a “None” sales code for each of the three.

If you have a quote that has [not been sent to commit to order before 8/6/14](#), and now want to commit it to order, you will be prompted and required by ASIST to validate it before it can be committed to order. The prompt will require you to make choices, for warranty (body and chassis), Zonar, Fuel Sense or none.

This is an example of what you may be seeing in the configurator. The codes highlighted in yellow are the standards.

FuelSense

[FL-342-1MJ]ALLISON 2500 PTS AUTO TRANS

REQUIRES ONE OF:

[FL-84L-017]DSS, ARM, FS DISABLED

[FL-84L-019]FS-BASIC, DSS MED **STANDARD**

[FL-84L-022]FS-PLUS, DSS MED

[FL-84L-031]FS-MAX, DSS MED, ARM HIGH

Zonar

Saf-T-Liner C2

Saf-T-Liner C2 School

REQUIRES ONE OF:

[D130700000]PR-WIRE FOR GPS W/TELEMATICS

[D130704000]ELEC-ZONAR **STANDARD MONITORING**

[D130705000]ELEC-NO ZONAR MONITORING

Warranty

Saf-T-Liner C2

Saf-T-Liner C2 School

REQUIRES ONE OF:

[FL-995-011]FCCC BASIC CHASSIS WARRANTY + D1TWAR0013 EXTENDED BODY WARRANTY-3YR UNLIMITED-C2 STANDARD

[FL-995-077]EXPORT(NON-US/CANADN) WARRANTY

None of these new features are available for orders submitted prior to 8/6/14.

The section below is to explain in more detail these new features.

- 1) **FL-995-011, DITWAR00013** - 3 year, 50K mile bumper to bumper body and chassis warranty.

- 2) Zonar **D1307-04-000**
 - This system monitors the following: standard Zonar GPS functions plus the addition of Pre-trip, Post-trip, Stop Sign, Cross Gate, DEF Tank Level, Transmission Economy Mode On/Off, Regen Status, Heater Activation (Non Webasto), Cruise Control, Entrance door, Rear Door, Driver Seat Belt, Passenger Advisory (Multiplexed only, excludes Child Check Mate), Reverse Signal, A/C Activation, Lift Activation, Water in Fuel, Parking Brake, Coolant Level, Engine Run, Key Position, Headlight Status, BHM Fault Codes, Fuel Level, Engine Idle Time, Low Voltage, Vehicle Speed, Bus Tracking

- 3) Fuel Sense by Allison transmission. **(Also standard on type "D")**
 - This technology combines software and electronic controls to improve fuel economy.

 - There are three packages.
 - FuelSense Basic; **standard on all 2016 C2/HDX/EFX buses.**
 - FuelSense Basic. **FL-84L-019**
 - 5th generation controls
 - EcoCal
 - Dynamic shift sensing

 - FuelSense Plus. **FL-84L-022**
 - 5th generation controls
 - EcoCal
 - Dynamic shift sensing
 - Neutral at stop

 - FuelSense Max. **FL-84L-031**
 - 5th generation controls
 - EcoCal
 - Dynamic shift sensing
 - Neutral at stop
 - Acceleration Rate Management

- If you choose to upgrade to FuelSense Plus or Max a price adjustment code will be included based on the combination of transmission on your order.
- You can also choose the “None” FuelSense [FL-84L-017](#) option if so desired.

Below is a summary of changes that will take effect in ASIST.

Feature	Description	Action
C605000000	ALLISON FUEL SENSE – NONE	Released
