New Minotour Entrance Doors

New and improved entrance doors have been designed for the Thomas Minotour. These doors have new option numbers released against them, are structured differently than before, and are listed in the table below.

There are two door controls – Manual and Electric. Each door control offers two types of door leafs – one with vandaloek and one without vandaloek.

The standard door will be the Manual Door Control and Manual Entrance Door - No Vandaloek. These options are highlighted in Bold print in the table and will automatically be pre-populated on your quote.

The screenshot shows the 'Thomas Configurator 7.1 - Quote #282827' window. The 'Doors' tab is selected, and the 'Entrance' sub-tab is active. The configuration fields are as follows:

- Type: Manually Oper Stl Frame O/D Entrance Door-Standard
- Door: [B50360M005]MANUAL ENT DOOR-NO VANDALOCK
- Operation: (empty)
- Step Tread: (empty)
- Upper Glass: (empty)
- Lower Glass: (empty)
- Light: (empty)

The 'Available Upgrades' list includes:

- [B145400000]EXIT LABEL-FRENCH/ENGL-STD ENT
- [B150203000]ELECTRIC HEATED STEP TREAD
- [B150203001]ELECTRIC HEATED STEP TREAD

- [B150614023]BLACK STEP TRDS-O/O ENT DR

The 'Selected Upgrades' list contains:

- [B502003000]MAN DR CONT-MINO,W/EXT RELEASE

Buttons at the bottom include: Help, Databook, Item Detail, Removed Opts, Rule Violations, OK, Save, and Cancel.

The manual door control without vandallock comes standard as stated above. If you require a vandallock, then you must choose the Manual Entrance Door with Vandalock option number - B50360M006.

Dealers in the USA who require the Electric Door control must first pick the Electric Door Control type – B502003001, then choose the option number for either without vandallock (B50360M003), or with vandallock (B50360M004).

Canadian Dealers who require the Electric Door Control must Choose the Electric Door Control with external door release D250 Compliant (B502003002), then choose the option number for either without vandallock (B50360M003) or with vandallock (B50360M004). When they choose with vandallock they must also choose the D-250 Interlock (B382814000).
