

Oil Change Interval Update Beginning with 2015 Model Year Vehicles

TO: SDC EST CEN WST
FROM: Subaru of America, Inc.
DEPARTMENT: Parts & Service
DATE: 03/07/2014
CATEGORY: Show in all Categories

Effective with all 2015 model year cars and forward, the oil change interval is changing to 6,000 miles or 6 months, whichever comes first. For the H6 vehicles, the 3,000 mile initial oil change will be eliminated. The severe maintenance interval will be 3,000 miles and 3 months. These changes are the result of NDAB input in an effort to improve service retention.

Care Connect will be taking this new interval into account for the maintenance intervals under Owner Touch. And SAS maintenance policies will be adjusted accordingly with an announcement soon.

Please ensure that all sales and service personnel are aware of this change for the 2015 models, which will start arriving soon!
