

Service Procedure & Claim Submission Information Revisions to WQL-48R

TO: SDC EST CEN WST
FROM: Subaru of America, Inc.
DEPARTMENT: Service
DATE: 09/11/2014
CATEGORY: Parts/Service

This announcement outlines significant changes and revisions present in the updated front passenger airbag inflator replacement Product Campaign Bulletin, WQL-48R. These revisions include:

- Required use of the Airbag Deployment Fixture tool (J-39401-B) to secure the removed module during the inflator replacement procedure
- A revision (increase) to the labor time allowance
- A clarification of the bar code information on the inflator shipping box
- Handling information and precautions regarding non-OEM and / or counterfeit airbag components which your Technicians may encounter.

Please make sure to pass this information along to all applicable personnel.

REMINDER: SOA strongly discourages the printing and/or local storage of service information as previously released information and electronic publications may be updated at any time. **Always refer to STIS for the latest service information before performing any repairs.**
