Re: Oil Control Valve Assembly Part Number 10921AA230

Please inspect your inventories of oil control valve assembly part number 10921AA230. Please use the illustration below for this inspection, to determine good inventory from defective inventory.

Inventory that is found to be before the **14196******* lot number will need to be handled as a field scrap order. Please notify your DPSM with any defective inventory counts you may have. Your DPSM will have the scrap authorization entered into the system. **Please do not scrap any inventory without notifying your DPSM.**

All inventory after this lot number is to be considered good inventory.

10921AA230 (Oil Control Valve Assembly)

Part number
10921AA230

Supplier's lot number

The latest countermeasure: "**14196*******" and after
