2006-2007 Jetta A5, GTI, and Passat B6 w/ 2.0 Turbo FSI (BPY) High Pressure Fuel Pump Replacement

November 8, 2013: Update to information.

If replacing the high pressure fuel pump, also remove and inspect the cam follower from the **timing cover/cylinder head** to inspect it for wear. If wear is found, contact the Volkswagen Dealer Technician Helpline Powertrain Team for additional instructions.
