**Background**

American Honda (AHM) is investigating certain 2012-2014 CR-Vs with a complaint of the parking brake indicator light not working when the parking brake is engaged. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

**Action Required**

If you have or know of such a vehicle, please call Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
